## Teaching and Learning Continuity Plan – Unit 4

Dear Parents and Caregivers,

28<sup>th</sup> April 2020

We hope you've had a restful break and have enjoyed spending some quality time with your immediate family. We are continually amazed by the efforts and work that our students are producing. The conversations, photos and videos from our students give us great joy during this extremely difficult time. We would like to thank you again for supporting and assisting your child with remote learning. Please also remember that you can only do your best and we will continue to work together to achieve the best result we can.

This continued partnership ensures that we are able to support our students through this remote learning process, which may continue for an extended period of time as Mr. Wynn mentioned in his newsletter address last term. As a result, we have continued compiling units of work with the Unit 4 Teaching and Learning package attached. We will continue to communicate to parents on a weekly basis using our school email system, Google Classroom, Facebook and the School Webpage.

A member of our school staff will be available for questions and feedback each day for all grades. Please be mindful that the school has only limited phone lines available to use, so please be fair and limit your questions to allow all parents access to this provision. Please ask to speak to one of our Assistant Principals. We would also like you to consider that we have a reduced number of staff on site and ask that you understand this when making contact.

### **Stage 1 Unit 4 Information**

The Unit 4 booklet includes:

- A Weekly Learning Plan – this is effectively a timetable that outlines daily learning activities that would be completed throughout the course of a week.
- A Learning Environment Checklist that will enable you to set up the best possible environment for your child.
- Following these items will be each day's activities in order. There is space for your child to complete these activities in the booklet only.
- Under most daily activities will be a Success Criteria for your child to complete. This will also be the space for teacher recognition.
- At the end of each day, there is a reflection for students and a section for Parents/Caregiver's to sign stating they are happy with the amount of work completed.
- Stage 1 teachers have set two Mathletics learning tasks and one Reading Eggs lesson to be completed daily. Please don't feel restricted to only completing these set tasks if students would like to complete more activities. If you don't have the passwords for your child please respond to the school emails about Mathletics and Reading Eggs passwords.
- Guided reading books are available through the Reading Egg's program in the Library section.
- Google classroom contains the videos mentioned in the teaching and learning framework for students to view to help them with their learning.
- We have added a fast finishers table at the end of the booklet with extra activities for students who would like to engage in additional tasks.

## **Weekly Learning Booklets are due on a Monday**

At this stage we are anticipating that this form of learning may continue well into Term 2 and have made the following arrangements for Stage 1.

- For Term 2, Stage 1 booklets will continue to be due to either the front office, via email or Google Classroom on a **Monday** each week. This will also be the time that the following week's booklet will be uploaded on Google Classroom, collected and/or emailed home.
- **Unit 4 will be due on Week 2 Monday the 4<sup>th</sup> May.**
- Please ensure your child's name and class is on the front cover of the booklet.
- Each Stage will have their booklets collected and distributed on different days, as we wish to be as mindful of social distancing.
- If you are returning your work via email, the subject line must be **Mr Wood** only. You must include your child's name and class in the body of the email. This will ensure that your child's work will be forwarded to the right teacher to provide recognition of work. The school's email address is [cambridgeg-p.school@det.nsw.edu.au](mailto:cambridgeg-p.school@det.nsw.edu.au)
- For returned student work via email, teacher recognition will be provided back via email.
- For returned student work via the front office, teacher recognition will be provided in a timely manner. This can be collected with the new weekly booklet.

## **Google Classroom**

- Teachers are creating learning activities/videos, which will be placed on our Google Classrooms platform. This will link to this unit of work.
- A video has been placed on the school Facebook page and a 'how to' document has been included at the back of each student's Unit 4 booklet.
- Students will need a joining code, which is outlined below. Please only join the grade that your child is in. Any child joining the incorrect classroom will be deleted and need to rejoin the correct class. If you're having difficulty joining your class and cannot access the videos please contact the school for additional options such as dropping off a USB for us to copy the videos on.
- If parents have any questions please contact Mr. Wood or Mr. Hunter by phone or the school email. If you need your child's student portal login please email the school.

**Joining Codes: Year 1 – c3lpj4f**

**Year 2 – be6r46f**

Please be aware that over the coming period, the type, style and delivery of work to students will develop and change. We would like to thank all of our fantastic students and families for their support, patience and kindness.

Wishing you all health and happiness.

## In setting up this space the following should be considered:

- Is the area free of distraction?
- Is there excessive noise in the area?
- Are there trip hazards in the area?
- Is the area exposed to direct glare or reflections?
- Does the area have sufficient power points available?
- Is equipment (extension cords etc.) in good, safe, working condition?
- Is there a proper desk and chair and other necessary equipment (light, stationery and devices)?
- Is the chair adjusted correctly?
  - Feet should be flat on the floor and knees bent at right angles with thighs parallel to the floor.
  - The chair backrest should support the lower back and allow your child to sit upright.
  - The chair should move freely and not be restricted by hazards such as mats and power cords.
  - Chair arm rests should be removed or lowered when typing.
- Is the computer adjusted correctly?
  - The screen should be positioned directly in front of your child.
  - The screen should be at a distance where your child can see clearly and easily without straining. The top of the screen should be slightly lower than eye level.
  - The keyboard should be positioned at a distance where elbows are close to your child's body and their shoulders should be relaxed.
  - The mouse should be placed directly next to the keyboard.
- Are their most frequently used items within easy reach from a seated position?

The screenshot shows a web browser window with the Google Classroom sign-in page. The browser's address bar contains a long URL. The page features the Google logo, the text "Sign in", and "Use your Google Account". Below this, a text input field contains the email address "alexander.nelson8@education.nsw.gov.au". There are several links: "Forgot email?", "Not your computer? Use Guest mode to sign in privately", and "Learn more". At the bottom, there are buttons for "Create account" and "Next". A red arrow points from the text "Click here" to the "Next" button. The bottom of the screen shows the Windows taskbar with the search bar and various application icons, and the system tray with the time and date.
