

Cambridge Gardens Public School

Innovation, Excellence, Connections & Fun

Class Newton

Welcome to 2024 at Cambridge Gardens Public School. My name is Mrs Felicity Nelson and I am so excited to be your child's classroom teacher for this year. Our class is named after Isaac Newton – famous mathematician and scientist credited with being able to explain the theory of gravity! I can not wait to conduct some experiments with your child and explore this concept further.

I have been teaching for 23 years (although it pains me to admit this) and can honestly say that no school year is the same as the next. A new school year brings with it new students, new relationships, new skills, new expectations and new achievements. I am sincerely looking forward to meeting your child and getting to know them. From here, I will be able to cover new content with your child and watch them grow into critical and creative thinkers who are able to problem solve independently.

Apart from being a teacher, I am also a mum and a wife. I have two children – Xander and Faith (who you may have seen here at Cambridge Gardens). I live with my husband, my children and our big, brown bundle of fur – Ollie. We are a family that loves to dress up, dance, sing, play games and go on 'adventures'. There is no option in our house but to be supporters of Manchester United and Wests Tigers so Faith and I support the teams accordingly.

Within the classroom, we will aim to be safe, respectful and proud learners who strive to improve. We will set goals and work tirelessly to achieve them. There will be a variety of rewards associated with academic, social and emotional achievement. I believe positive recognition is a super motivator for both the student and teacher!

Please feel free to contact me with any concerns or questions you may have throughout the school year. Solid partnerships between school and home are paramount to the success and happiness of everyone.

Kind regards,
Felicity Nelson
