EnviroMentors Incursion

Dear parents and carers,

On Monday, Tuesday and Wednesday in Week 2 (28th-30th July) our school is participating in an EnviroMentors incursion run by Keep Australia Beautiful. It is a free incursion, teaching students about sustainability and recycling.

Keep Australia Beautiful NSW (KABNSW) are the leaders in transforming behaviour to create a less littered, more environmentally sustainable New South Wales. Workshops are designed to encourage students to become environmental stewards in their households, spreading the message to the wider community. The pace of the workshops is mixed by incorporating games, kinaesthetic learning and props to keep children engrossed and actively engaged. Learning is age appropriate and tailored to each class.

We look forward to sharing this learning with your children and can't wait for the activities on the day!

If you have any questions please contact Mr Hunter on 4730 1201.

Kind regards,

Beau Hunter
Assistant Principal
